Tues.-Thurs.-Sat.

## Luck and the Gambler.

Luck is another name for superstition. The whole betting mania is based on pure superstitious belief in a blind chance that will somehow turn and help a fellow out some time. And that's why the innocent victims keep coming in a never-ending stream, begging to be shorn. And verily, they are not disappointed.

## HERE AND THERE.

The Fashion in Yokes—Braiding in Egyptian Designs.

The new yokes are round and shallow, a little deeper in front than at sides and back. The universal fashion for these yokes with the high stock attached gives one a chance to cut away the top part of old fashioned and unbecoming gowns and replace bad lines with these good ones.

Every woman who knows about it is delighted with the Egyptian pattern.

GORED SKIRT WITH PANEL—4352.

A pattern of this gored skirt may be had in six sizes—from 22 to 32 inches waist measure. Send 10 cents to this office, giving number (4352), and it will be promptly forwarded to you by mail.

Terms for braiding, as they give a unique character to a dress and are so easy to do. They are merely zig-zags that look like hieroglyphics. One can make them up by the dozens.

If you are choosing a long topcoat this winter be sure that it is slashed at the back seams. Otherwise you will never be able to hold up a long skirt with any degree of comfort or safety.

Among the best of the new costumes is seen the combination of ottoman silk and liberty broadcloth. The skirt is of silk, long flowing and untrimmed. The coat is also long and of cloth with large silk revers.

Plain gored skirts are much in favor at present, with the director idea introduced by way of a panel. Such a model is shown in the accompanying cut. JUDIC CHOLLET.

## MODES OF THE MOMENT.

"Midnight Purple" a Smart New Color of the Winter.

A fashionable kind of bluish purple with a dash of gray in its composition is for some unexplained reason known as "midnight purple."

A trick of French manufacturers of silk stockings will appeal to women who indulge in this luxurious hosiery. They are lining the toes and heels with a fine silk muslin, which insures

APRON FOR SMALL GIRL—4356.

A pattern of this pretty apron may be had in five sizes—for girls from two to ten years of age. Send 10 cents to this office, giving number (4356), and it will be promptly forwarded to you by mail.

a more satisfactory return for the money expended.

The Japanese craze waists, which are the latest development of the tailor variety, are beautifully embroidered and trimmed with cluny lace.

Some of the newest and prettiest evening gowns are made of flowered and pompadour silk. Made in the empire style these old fashioned materials are very fascinating.

One of the most peculiar trimmings of the season is a thick row of satin apples placed around the crown of a large drooping brimmed hat. The shape on which this trimming is used was one similar to a Gainsborough.

Aprons for small girls save much time and money in laundry work and at the same time keep woolen gowns fresh and clean. The model illustrated of a girl's apron is very attractive. JUDIC CHOLLET.

## BOARD REORGANIZED

Sandies Made Secretary of State Agricultural Bureau.

Columbus, O., Jan. 27.—The state board of agriculture, with the appointments of Governor Harmon—Jacob A. Beldler of Lake county and J. F. Cross of Fayette county—sitting as members, reorganized the department by electing the following officers and attaches:

President, L. W. Kilgore of Madison county; vice president, William Miller, Ottawa county; secretary, A. P. Sandies, Putnam county; assistant secretary, J. W. Fleming, Franklin county; treasurer, C. W. McFarland, Crawford county; chief clerk, E. J. Filbin, Cuyahoga county; R. H. Ramsdell, Erie county, fertilizer inspector; N. E. Shaw, Franklin county, chief inspector orchards and nurseries.

Chief interest centered in the selection of a secretary. Mr. Sandies, a Democrat, succeeds T. L. Calvert, a Republican, with an increase in salary from \$2,700 to \$2,800. Messrs. Brown and Bailey, members of the board removed by Governor Harmon, made no remonstrance.

## Herrick Visits Roosevelt.

Washington, Jan. 27.—Former Governor Myron T. Herrick of Ohio was a caller at the White House, spending a short time with the president.

## ANTI-JAP MEASURES TO BE HEARD TODAY

Governor Gillett's Message Crystallizes Sentiment.

Sacramento, Cal., Jan. 27.—Governor Gillett's message on the Japanese question, sent to the legislature, had the effect of crystallizing the sentiment for and against the bills by Drew and Johnson, against which President Roosevelt has invoked his power.

The president informed the governor that it would be extremely dangerous for the legislature to enact any laws that might be construed by Japan as discriminatory. He wired Governor Gillett that another letter to him was on the way. This is expected to throw more light upon the situation as regards Japan and America.

Grove Johnson, author of the bill segregating Japanese in residential districts at the option of the municipalities, moved when the measure came up for third reading that it be made a special order for today. Thus two of the anti-Japanese measures will then be before the lower house and the whole issue will likely be divided. The bill by A. N. Drew, denying to aliens the right to hold land, was set for consideration today at the request of the author after the governor had indicated that he desired such legislation held up.

## SLOSSON REGAINS TITLE

Defeats Sutton In Tedious Game at Balk Line Billiards.

New York, Jan. 27.—George Slosson of this city, who won the 18.1 balk line billiard professional championship 11 years ago and lost it two years later, regained the honor by defeating George Sutton of Chicago in the Madison Square Garden concert hall. The score was 500 to 323. It was a tedious game, lasting more than three hours. Only occasionally did one or the other of the players awaken the interest of the spectators by flashes of brilliant play.

## Makes Maiden Speech.

Washington, Jan. 27.—A speech by Senator Davis of Arkansas favoring legislation to prevent dealings by exchanges in "futures" in products of the soil, and a maiden speech by Senator Cummins of Iowa against the passage of the postal savings bank bill as reported to the senate by the committee on postoffices and post-roads, were the features in the senate session. Mr. Cummins spoke in favor of the deposit of postal savings in state and territorial banks.

## Donnelly Is Confirmed.

Washington, Jan. 27.—The senate confirmed the nomination of Samuel B. Donnelly of New York, to be public printer. The senate committee on printing, investigated charges that upon assuming the management of the government printing office Mr. Donnelly had discharged a number of nonunion men without cause. The charges were found to be without foundation.

## STATE IS PARTICULAR

Makes Charge of Drunkenness Against Another Cooper Juror.

Nashville, Tenn., Jan. 27.—When the second venire of 500 talesmen was exhausted without the completion of the jury to try Colonel Duncan Cooper, Robin Cooper and John D. Sharpe for the slaying of Former Senator E. W. Carmack, Judge Hart announced that he would devote today to the hearing of charges against Jurors Leigh and Jackson. Meanwhile he drew another venire of 500 names and the sheriff is summoning them for service at 9 a. m. Friday. Just before court adjourned the state filed charges against Juror H. C. Jackson, claiming that he was incompetent because he was an habitual drunkard. The state has been trying since last week to get a hearing on the charges against Juror J. S. Leigh, and its witnesses were summoned to appear today, when both cases will be gone into.

There are now nine men in the jury box with charges against two of them. The failure of counsel to complete the jury from the first thousand talesmen, together with the fact that the number already selected may be reduced by the court, makes it extremely improbable that the 12 men will be sworn before some time next week.

## WANT CHILDREN'S BUREAU

Washington Conference Closes With Banquet at New Willard.

Washington, Jan. 27.—Advanced steps of far-reaching significance to the future well-being of the children of the country were taken at the concluding session of the conference on the care of dependent children.

One of the most important recommendations contained in the report which was submitted to President Roosevelt at a notable subscription dinner given by the conference at the New Willard, requested the president to send a message to congress urging the establishment of a federal children's bureau, one of whose objects shall be to disseminate accurate information in regard to child-caring work and the needs of the children.

## The Hyrrians.

The Hyrrian province formed a short-lived government, being instituted by Napoleon in 1803, from various territories taken from Austria, north and east of the Adriatic. The government was abolished in 1814-15. The ancient Hyrrians are now represented by the Albanians, which fact doubtless gave the little kingdom its title.

## Sixty Kinds of Bananas.

To most persons in the temperate zones a banana is a banana. But the truth is that there are over sixty known varieties of the fruit, with as great or greater variation in character as in the different kinds of apples. Hawaii is said to have something over forty distinct varieties of the fruit, most of which have been introduced by the whites. Some of these are of extremely delicate and delicious flavor, while other kinds are used, if at all, only when cooked in various ways. There is scarcely a city house lot or country "kuleana" or homestead which does not have a clump or two of bananas, which grow with practically no care, new plants or suckers shooting up to replace the ones which have fruited and been removed.—Los Angeles Times.

## The Bee's Market Basket.

Every bee carries his market basket around his hind legs. Any one examining the body of the bee through a microscope will observe that on the hind legs of the creature there is a fringe of stiff hairs on the surface, the hairs approaching each other at the tips, so as to form a sort of cage. This is the bee's basket, and into it after a successful journey he will cram enough pollen to last him for two or three days.
